DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6, 9-21, 23-29 are allowed.

Response to Amendment

2. Applicant's amendment filed 10/31/06 amending the independent claims 1, 16 to include portions of objected to claims 5, 20, is acknowledged, and that since, the subject matter of claims 5, 20 were not included in the independent claims in their entirety, as suggested in the last Office Action; an Examiner's Reasons for Allowance, appears proper.

3. The following is an examiner's statement of reasons for allowance:

The invention as now claimed puts forth an interface for retrofitting aircraft passenger boarding bridges. The interface, as amended, provides a support, having a mounting plate, fitted with receiving holes, for receiving foundation bolts, to facilitate replacing an existing support. None of the prior art of record provides a support having such a mounting end for retrofitting existing aircraft passenger boarding bridges.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
